

## **A visit to Ein Hod Artists' village a wonderful experience and an important lesson of human solidarity and involvement**

### **NISCO Museum of Musical Boxes**

A unique tour of the museum "From Dust to Light"

The emotional intensity of the visit is intensified by the presence of Nissan, the true lover of wonderful Musical Boxes and Mechanical Music.

Meeting Nissan and listening to him is a wonderful lesson in optimism and human power.

The visit takes place under flashlight light, the electricity being only partly restored.

### **Contributions to the burned and to be reborn museum**

One can buy and enjoy souvenirs from the museum or to donate for its restoration.

Nissan is happy to receive donations of old music boxes or old gramophones.

### **Guided tour of Ein Hod**

The tour includes a short explanation about Ein Hod, in the past and at present and it is accompanied by meetings with artists and visits of their galleries and workshops,

Artists talk about themselves, their jobs and sources of inspiration.

The tour exposes the visitor to places and meetings which are not available to any other tourist.

And the guide encourages the dialogue between critics and artists, and this is an opportunity to ask questions relating to every aspect related to art and artists.
